

Yale *Cancer Biology Institute*
Seminar Series

H. Steven Wiley, Ph.D.

Laboratory Fellow, Environmental Molecular Sciences Laboratory
Pacific Northwest National Laboratory

“Building dynamic, modular
models of signaling networks
from high throughput
phosphoproteomics data”

Friday, February 16, 2024
3:00 pm

Location: Grace Murray Hopper Auditorium,
Yale West Campus Conference Center
Host: Dr. Kathryn Ferguson
Associate Professor of Pharmacology
